Paint splatters on the wall, ceiling, canvas, everywhere! The master, legendary painter, Vincent Van Gogh is at work! Painting Starry Night. A painting sold for a few tur. The person I want to meet is Vincent Van Gogh because his paintings are legendary and because he could teach me his techniques.

One reason why I want to meet Vincent Van Gogh is because his paintings are legendary. For example, Starry Night is popular because I have a picture of it in my room. Also, the painting, Sunflowers was mentioned in several YouTube videos. And, "Irises," is popular because I've seen many copies of it in several stores.

Another reason why I want to meet Vincent Van Gogh is because he could teach me his techniques. For example, I'm not good at painting so he could teach me how to add design. He can also teach me to add texture last but not least, he can instruct me on how to paint letters without smudging them.

I want to meet Vincent Van Gogh because he's a legendary painter and because he can teach me his techniques. I want to practice my art and make it better to give out and see all the smiles and joy they give from my art. I want everyone to enjoy it and to have a happy time.

"I like to express my feeling and show what I mean in writing."
